

Andrea Carniti

Product Designer — complex applications & design systems

and.carniti@gmail.com · Vienna, Austria · arejdych.github.io/andreacarniti

Product designer with experience across consumer and business web and mobile apps. I approach every project holistically, balancing user needs with business goals. I specialize in complex, data-heavy applications, but equally enjoy consumer products where visual delight and craft take center stage. Passionate about building comprehensive design systems as the foundation for scalable, beautiful products.

EXPERIENCE

2023 — Ongoing

Lead & Sole Product Designer

Baiond · Vienna, Austria

Designed a cloud platform turning sensor, camera, and satellite data into one live view for cities, infrastructure, and agriculture — owning end-to-end UX, the design system, and product strategy alongside the founders and engineers.

2022 — 2023

Lead Product Designer

Cheerin' · Vienna, Austria

Led design for a mobile app helping friend groups settle on plans through polling, scheduling, and venue-discovery flows, running user research and usability testing alongside two engineers and the founder.

2021 — 2022

UX Designer

Energy Efficiency Directive solution · Vienna, Austria

Redesigned the core monitoring dashboard for a building-energy platform, conducting contextual research with facility managers and collaborating with a product manager and two engineers on delivery.

2021

UX Designer

Financial Pilot · Vienna, Austria

Designed an app equipping users with the tools to effectively manage and invest their finances.

2021

UX Designer

Gustaffo · Vienna, Austria

Designed the guest and staff experience for a digital concierge platform helping hotels manage reservations and check-ins, showcase their property, and understand guest behavior — reducing reliance on third-party booking platforms.

2016 — 2023

Architect

Lorenzateliers · Vienna, Austria

Worked as an architect for over seven years, designing buildings and spaces with a human-centered approach — experience that continues to shape how I approach digital product design today.

2014

Junior Architect

JLCG Carrilho da Graça Arquitectos · Lisbon, Portugal

Worked as a junior architect on residential and public building projects.

EDUCATION

2021

UX Bootcamp

Talent Garden Vienna · Austria

2015 — 2017

Master's Degree, Studio Sejima

Universität für angewandte Kunst Wien · Austria

2014 — 2015

Master's Degree, Studio Zaha Hadid

Universität für angewandte Kunst Wien · Austria

2010 — 2013

Master's Degree, Architectural and Building Sciences/Technology

Politecnico di Milano · Italy

2011 — 2012

Erasmus, Architecture

Universitat Rovira i Virgili · Spain

2007 — 2010
